*For better tattooing* 

# Cobra

Without a doubt the most sophisticated machine we ever built. Comes with an integrated and detachable 2760mAh capacity battery / power supply. The Cobra can be controlled as standalone with the onboard buttons or by wireless BT devices such as the InkMachines foot switch and smartphone App. Merges seamlessly into the TPS X2 system for the optimal experience. Large grips and balanced weight for excellent comfort to handle long demanding sessions. Several grip options are available including disposables and one piece grips for regular cartridges.

Neo cartridges are leak proof and not relying on a membrane, with the magnetic drive system they are easy on the skin and therefore promotes a good healing process. Neo-cartridges also have a much larger mass than regular cartridges which is a benefit for saturation.

## Specifications

Input voltage	0 - 12 volt DC (max. 12 volt DC)
Power connections	Magnetic contact for powerpack or RCA
Rpm range	0 - 8 000 rpm / min
Stitches / sec	0 - 130 / sec
Stroke length	3 - 4 mm Adjustable
Needle adjustment	4 mm
Machine diam	Ø37 mm
Max. needle size	27 magnum
Needle type	Neo-Cartridges / Regular Cartridges
Weight	200 - 270 grams depending on grip choice

Made In Sweden

Pat. Pending

## Benefits

- Adjustable stroke length between 3 - 4mm
- Extremely low vibrations
- Magnetic push/pull powerpack connection
- Needle depth adjustment by rotating powerpack
- Industry leading battery capacity
- Multi-color halo light
- Excellent cross contamination safety
- Minimal skin damage
- Powerful 8+ Watt motor
- Fast saturation
- Adjustable give (Regular version)
- Balanced weight
- Extremely durable
- Reliable magnetic power connection
- Wireless with BLE
- App connectable
- Bayonet mounted grips
- Can use regular power supplies (With RCA adapter)
- Disposable grips available
- Chargeable with USB-C or TPS charger bay
- Stand-alone operation with buttons and status lights
- Smooth non-contact magnetic drive (Neo version)
- Exchangeable drive magnets, soft or hard (Neo version)
